Alma Mater

Alma Mater, we honor thee.

We pledge anew love and loyalty,

A loyalty to the Black and Gold;

Hail to the dearest school of all,

The scene of happy days.

Hail to our Alma Mater;

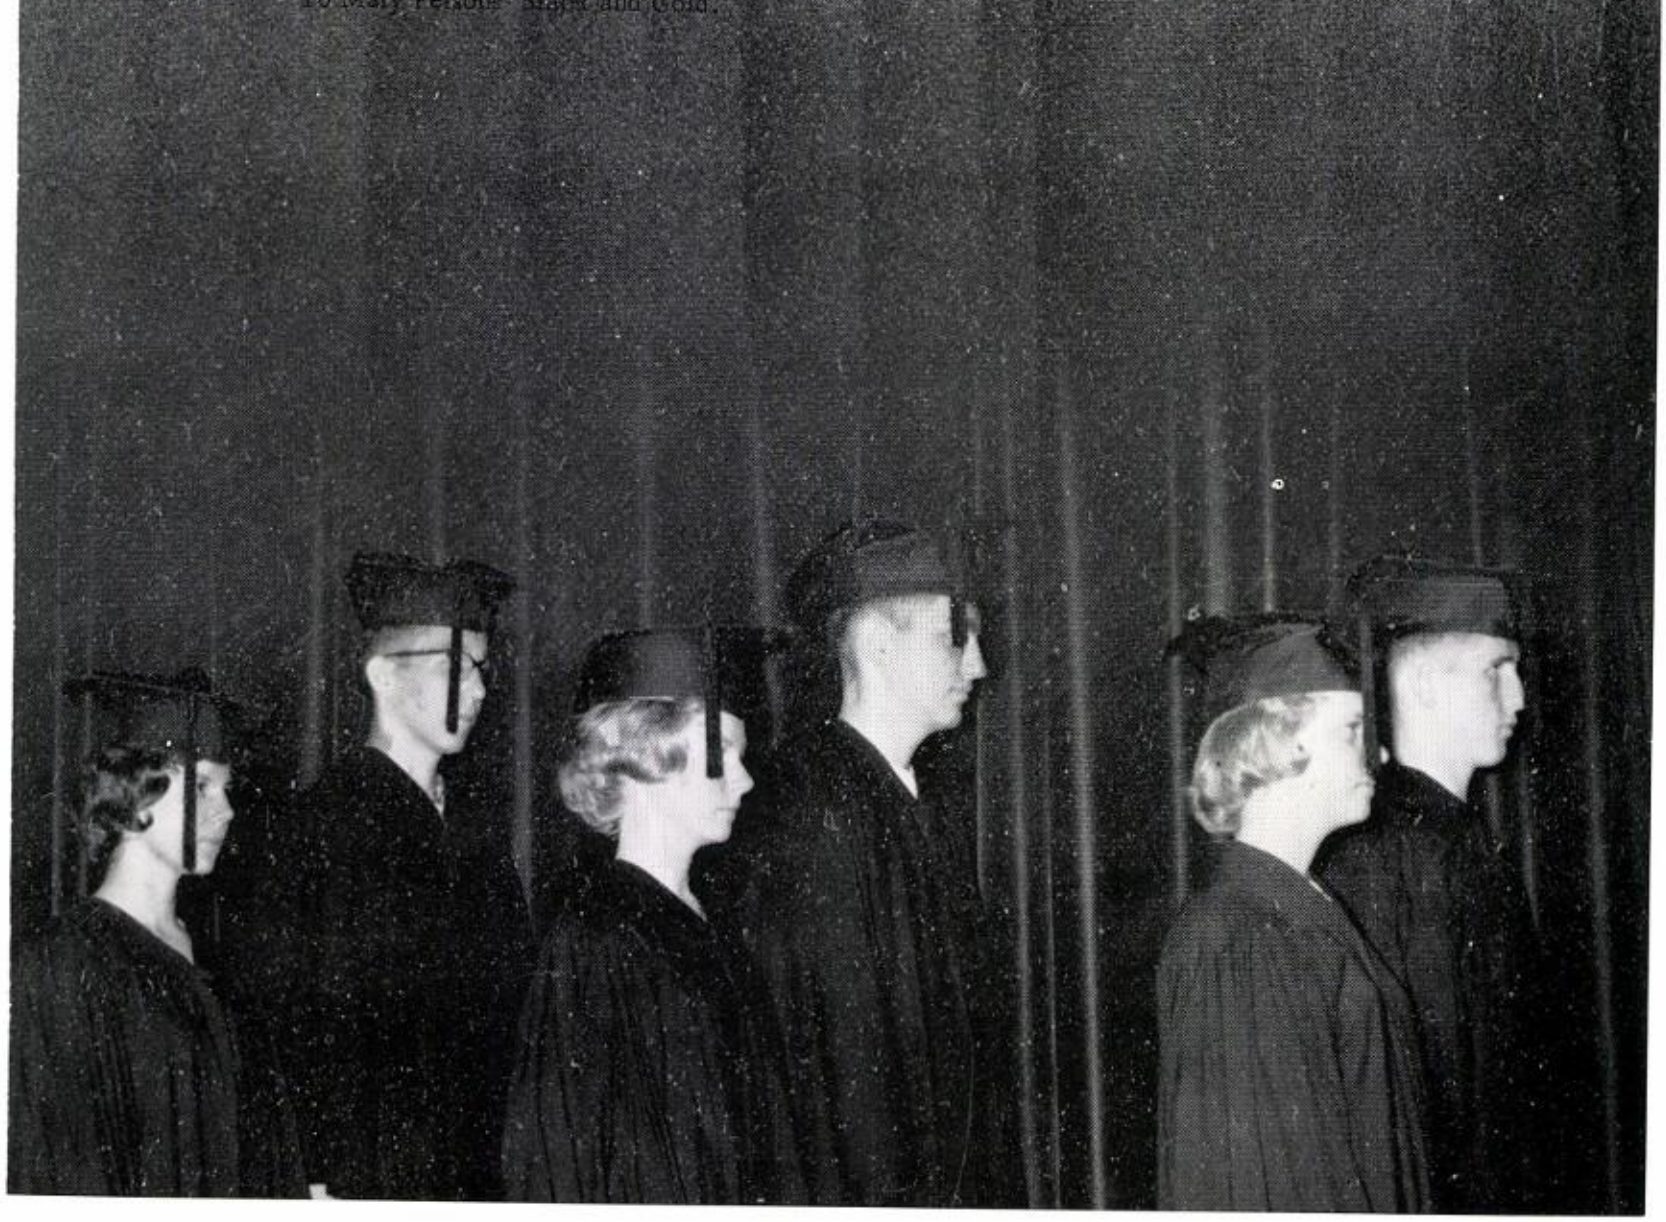
Her praise we'll sing always.

Loyal sons and loving daughters

May we ever be;

Standards high we will uphold

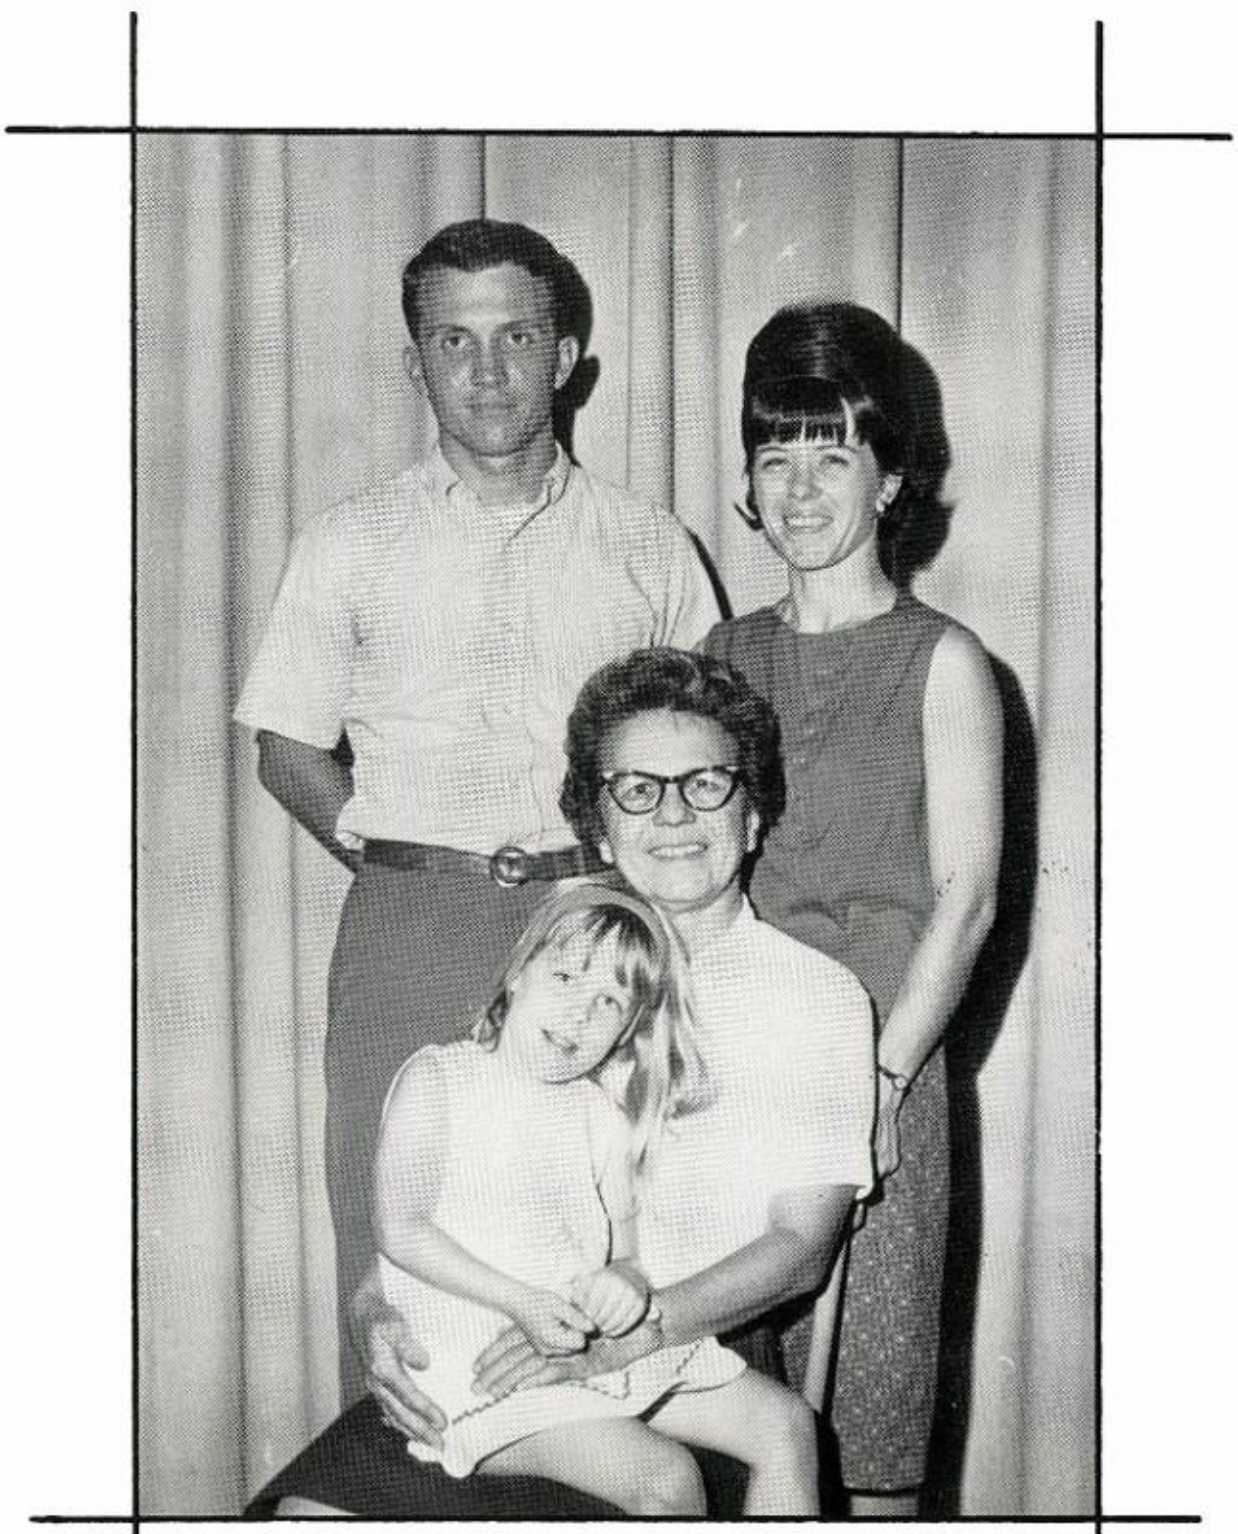
To Mary Persons' Black and Gold.



Dedication

As a token of our appreciation to one who has been the mainstay of the Empescope for many years; who is, and has been, a warm friend of every student with whom she has come in contact; whose teaching is unexcelled; and whose generosity with her time and many talents is unbounded; we lovingly dedicate this our 1965 Empescope to

Mrs. Florence Vaughan



Foreword

Memory is a fragile thing
A bee's honey and its sting!

During the first few days after the Empescope is issued it is the most popular and the most valued book on campus, and this value is not lost as time moves on. After the pictures are signed, the notes written, the pages filled, the contents become an open door to the past. They provide material for remembering the joyful highlights of the school year, the smiling faces of friends, the kind attention of teachers, even the humorous faux pas which added spice to the sweetness of school life. The 1965 Empescope brings together all of these lovely and cherished things in this Scrapbook of Mary Persons High School.

To you, the Senior Class of '65, I extend my warmest congratulations! Your parents, your school, and your community are proud of your achievement.

You now step into a vast and exciting world - a world in the midst of an era of incomprehensible progress and attainment - yet, a world beset by the most complex problems with which man has ever had to deal. You are a part of the generation who must meet these problems head on.

You are young Americans, the heirs of a great dream of free men. May this dream be perpetuated by your dedication to the principles which are your heritage.

Youth is your great possession - knowledge, continuously and persistently sought, your great challenge - determination, a positive force toward achievement - respect and consideration for your fellow man, an enviable asset - belief in yourself and faith in your God, the foundation for greatness.

Our best wishes and abiding interest go with you.

Problems that you face today are infinitely difficult, but there is no hazard to which human intelligence cannot rise. The future is yours to do with as you wish. If you want to get the most from life, you will have to adopt a plan for your own life and follow it, yet leave it flexible enough to get around obstacles and to take advantage of unforeseen opportunities.

We cannot know what life holds. We can only fit ourselves to meet it, conquer it, and enjoy it. Fitting yourselves for the future can be achieved through individual development of character, leadership, and service.

Tomorrow is yours - plan now to be ready!

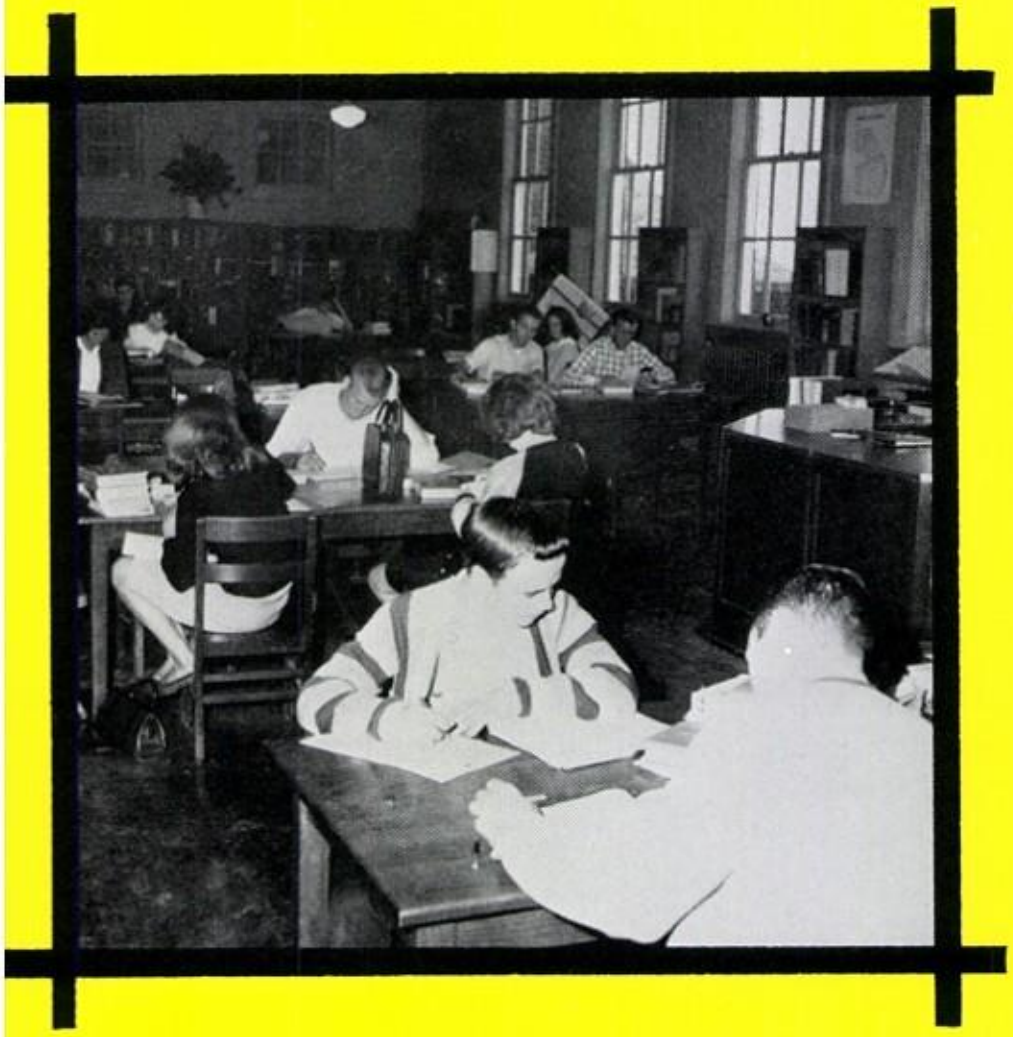
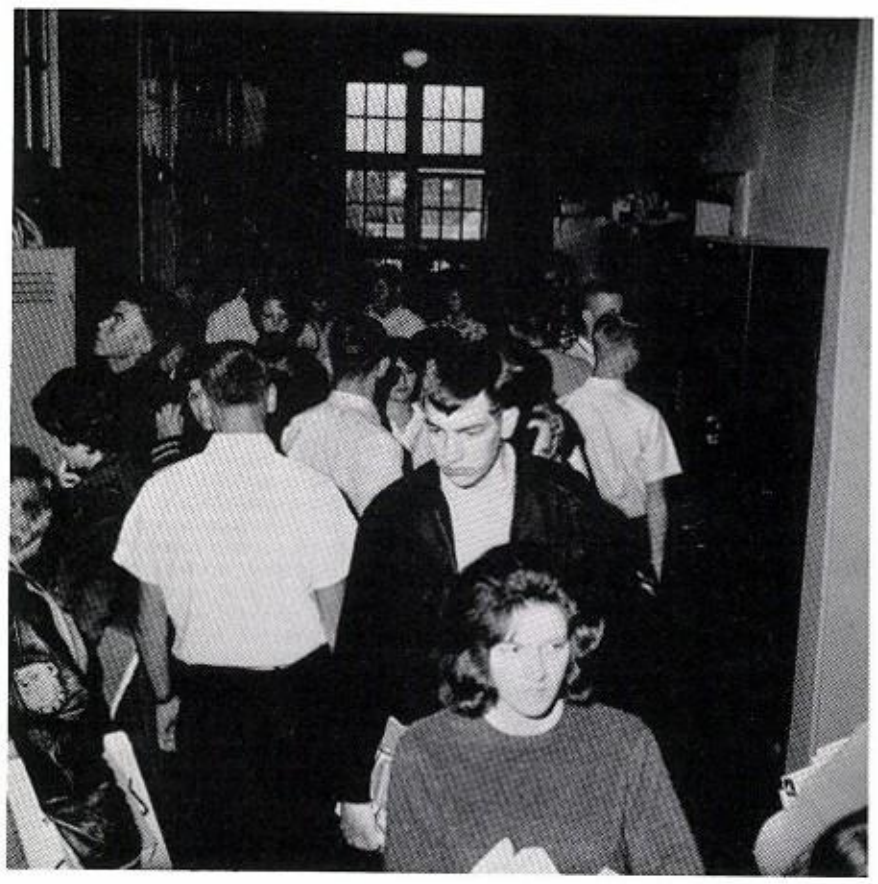
Student Life . . .

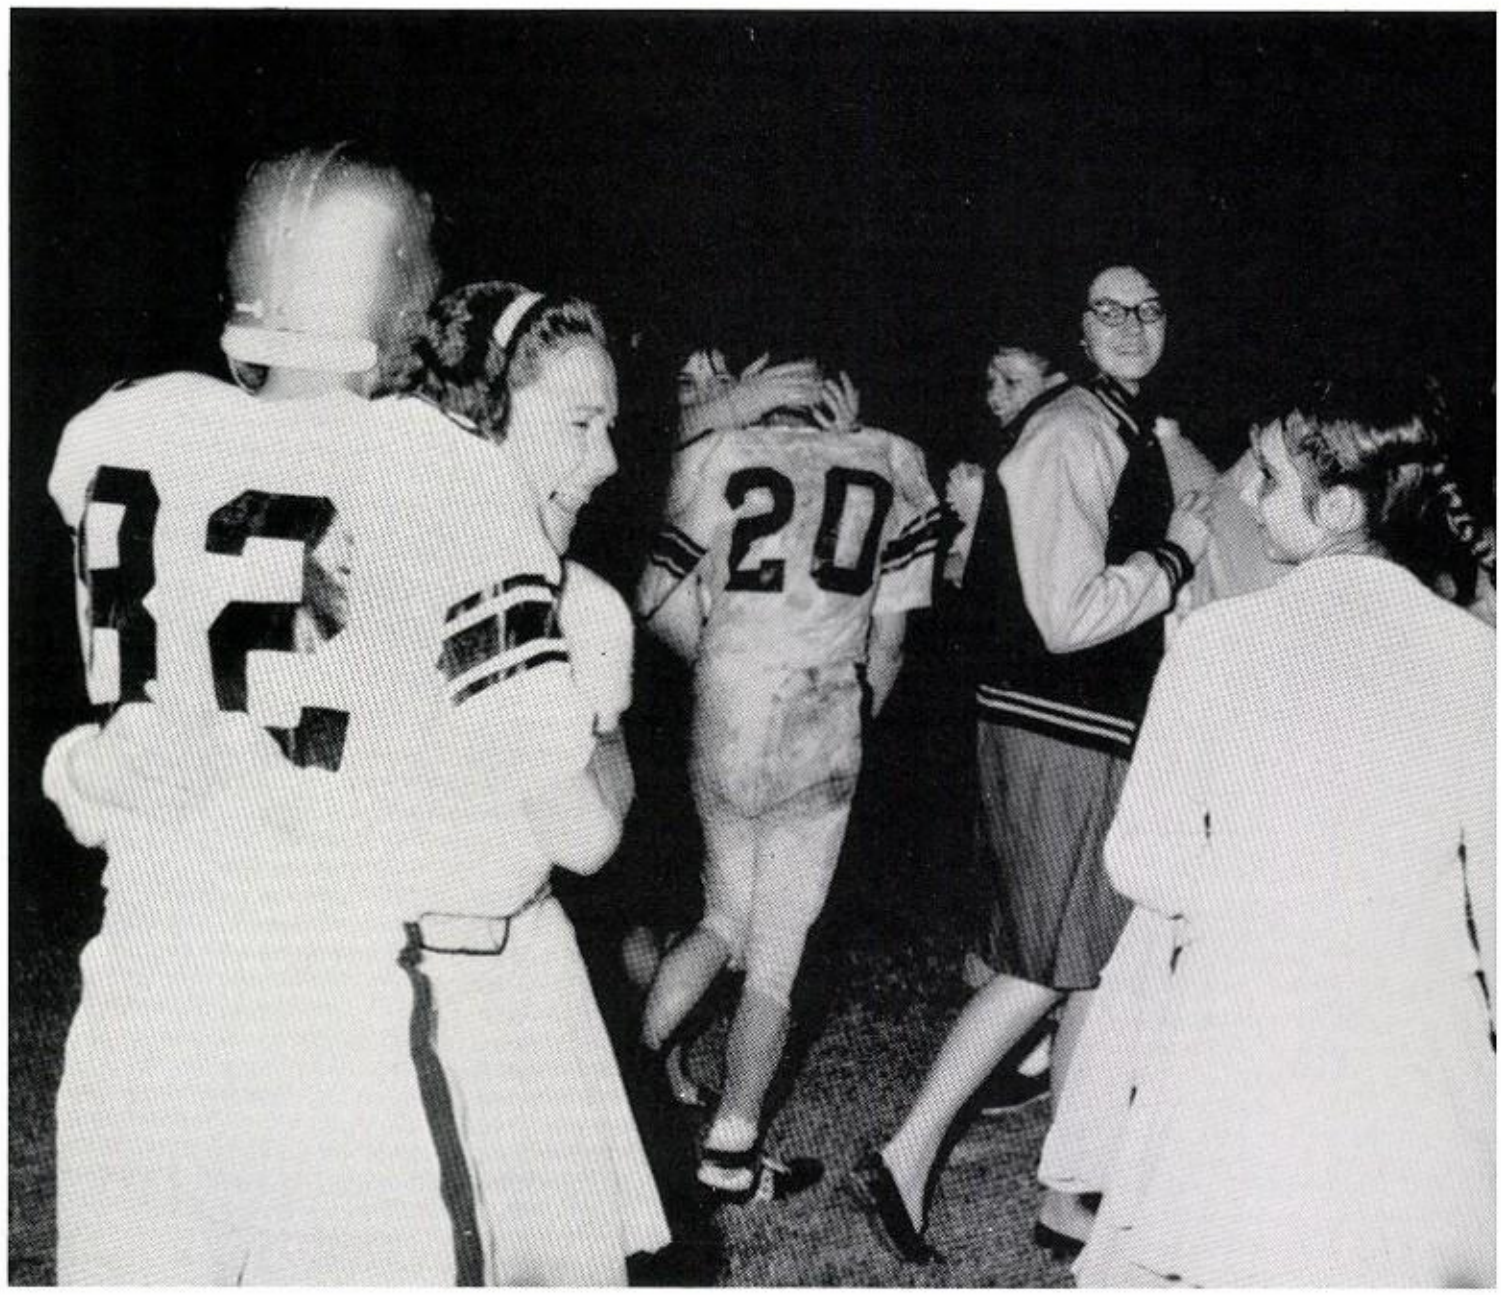


Clifford's Row

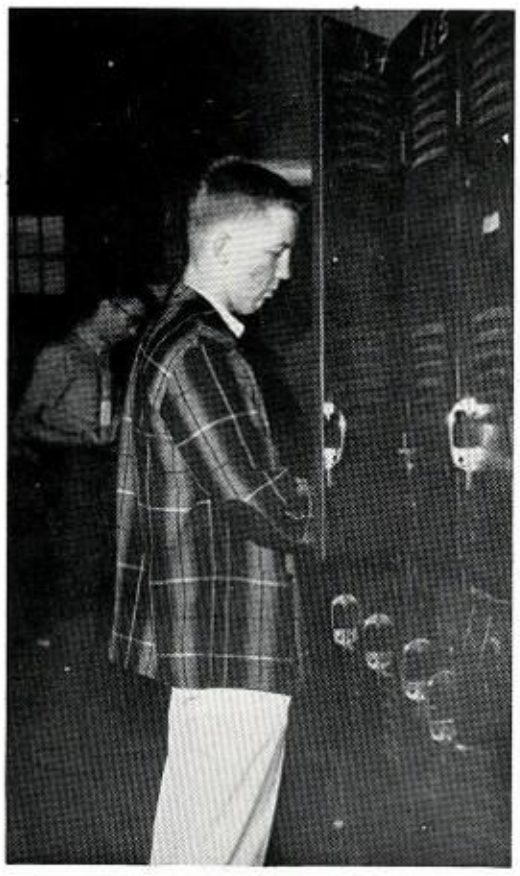
Who drooped your feathers, Bird?



"Double, Double,
Toil and Trouble."



I hope my mother doesn't see this.

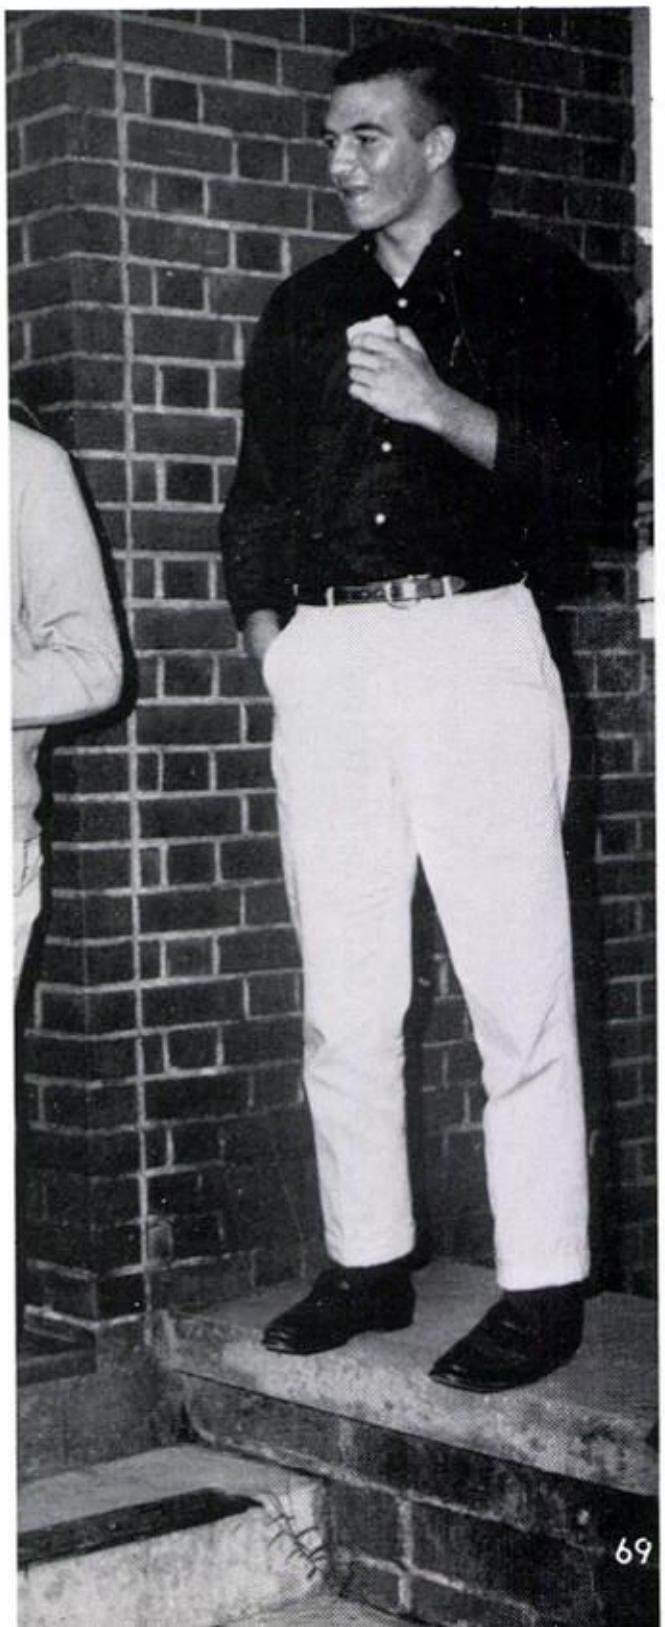


Jeannie is not in there.

Control yourself! Sure you're tense and irritable - -

You know I didn't mean to!

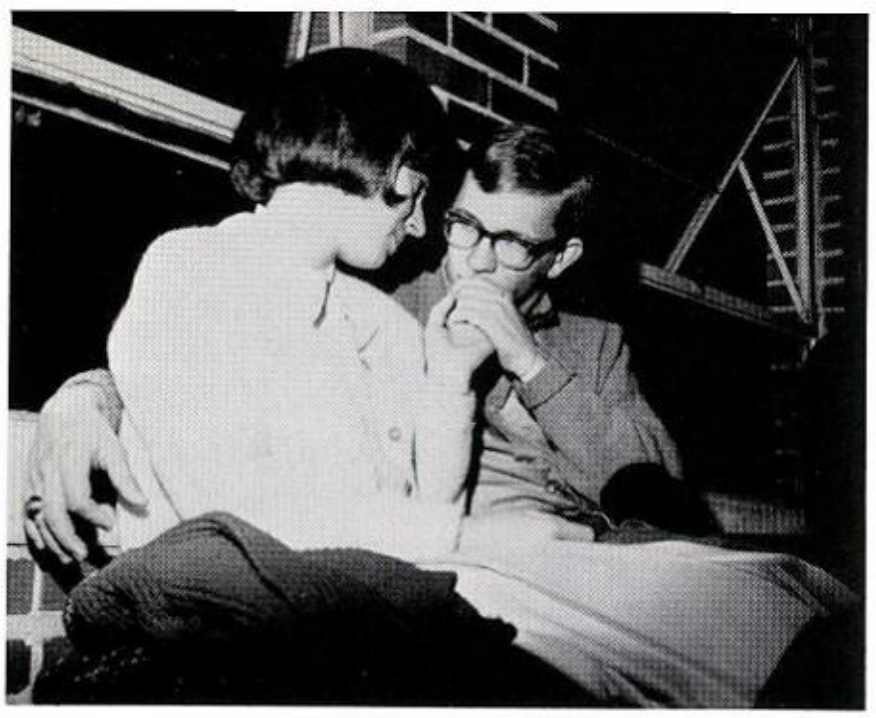
Standing on the corner watching all the girls go by.



Column left! Column right! Forward March!!!

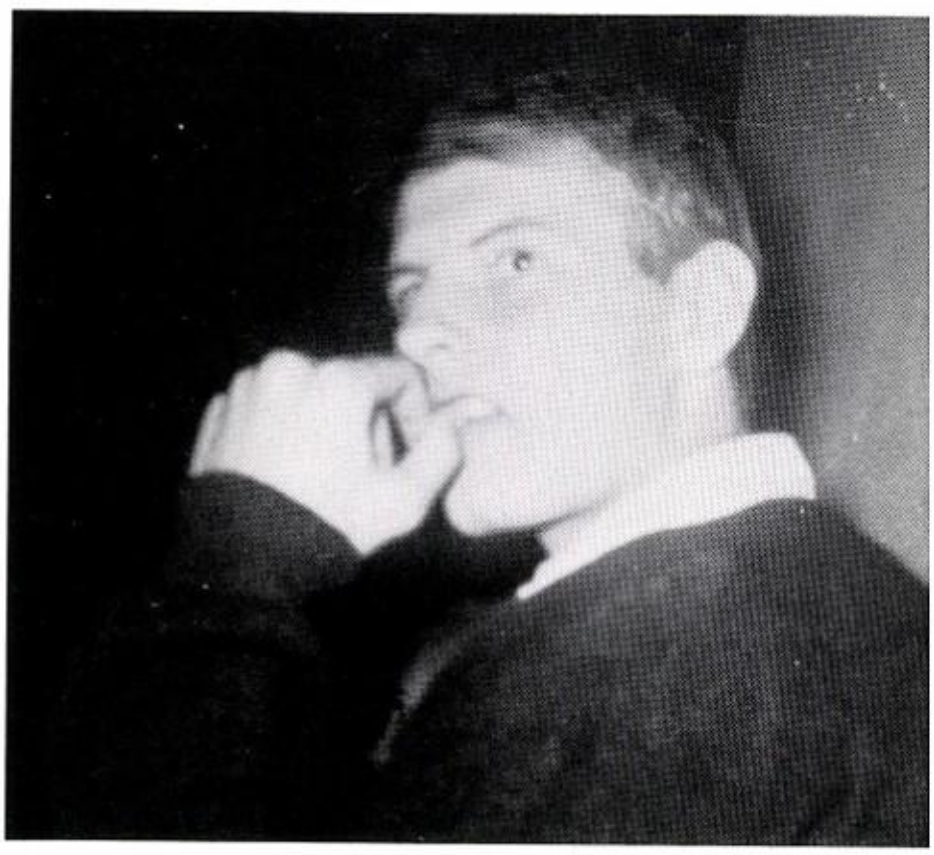
Let them out!!!

Six Weeks Blues



I didn't know Mike had it in him!

My ring's prettier than your ring!



Digging for gold - -

I'm enjoying this!

Who says there are witches at Halloween?
